Our MISSION is to build pathways to discover, accelerate, and deliver innovation from non-traditional sources to solve national problems.

## NEWS

### Celebrating Innovation and Risk-Taking at the MassChallenge 2020 Virtual Awards

The MassChallenge Virtual U.S Awards was a community-wide celebration of the innovation and creativity of the more than 200 startups that participated in MassChallenge's first virtual early-stage programs in the U.S. You can watch the full awards here. Our very own Dr. Kerry Buckley, VP, Air Force Center, kicked off the evening's \$100k Diamond Award presentations. "Those who value speed, adaptability, and risk-taking will have a deep appreciation for the work ...

## Texas Cybersecurity K-12 Panel - Shaping the Future Cybersecurity Workforce

Nearly a half million cybersecurity workers will be needed to fill shortages in the U.S. according to the Cyber Security Workforce Study produced in late 2019 by ISC2 the global nonprofit association of certified cybersecurity professionals. For Texans, the bigger the challenge the better, so Bobby Blount, a cybersecurity systems engineer for The MITRE Corporation, led a panel aligning K-12 ...

## Robotics in Construction – November 12th, 2:00 – 4:30 p.m.

MassRobotics is pleased to be hosting a Robotics In Construction semi-virtual event on November 12th from 2 -4:40pm ET. The construction industry is one of the least automated industries that feature manual-intensive labor as a primary source of productivity. It is poised for a robotics revolution and the disruption that robotics and artificial intelligence can make will have significant impacts ...
